

# Jae's Story

Where do we even begin? Jae was one of a kind. A son, brother and friend that was always there for the people in his life. Not just the close ones, but all people he crossed paths with. Jae grew up in Pinedale, WY and loved to fish, spend time in the outdoors, be on the boat and hang out with his friends and family. Jae was an amazing country swing dancer and he loved his Cowboy Boots. In 2016, Jae took his own life in what was a shock to everyone that knew him. At his funeral, one full of people from all walks of life wearing Cowboy Boots, there was a commitment made that something good would come from such great tragedy.

That good was brought to life through the Jae Foundation. A Foundation that is Bold, Inclusive, Nimble and Generous. Our goal is to raise awareness for mental health and suicide prevention along with providing healing for those that have lost loved ones. We do this through a simple platform that Jae loved so much: Cowboy Boots. With every pair of boots comes a conversation that would have never happened, a Boot-Check moment that we all need.

While many think Jae's story ended in 2016, our hope is that in many ways, it is just the beginning. We hope over the coming weeks, months and years, you are able to feel the impact of the Jae Foundation and get to know Jae a little yourself.

It's Boot-Check Time!

**With Love, Jae's Family and Friends**

# High School Senior Boots

## What are Senior Boots?

As a senior in high school, we feel this is one of the most crucial times in our youth's lives to know how much they are loved and valued. In order to achieve that, we have developed a Senior Boot Initiative. Our hope is to get Jae Boots on high school seniors in Twin Falls, Jerome, Gooding, Lincoln and Sublette counties for the 2023-2024 school year.

With over 1,600 seniors in the aforementioned counties, we need to raise approximately \$320,000 to get a pair of boots to each and every student. We know boots aren't cheap, but with every pair of Jae Boots comes a conversation and commitment that can change and save lives.

If your school is not located in one of the counties but you would like to take the lead and get seniors their Jae Boots, we would be happy to build a partnership with you!

Memo - Senior Boots

One of the really impactful things we've been able to do at the Jae Foundation is work with students across the Magic Valley on their senior projects. The dollars that students raise on their Jae Foundation senior projects will go directly into next year's funds for senior boots. This is the ultimate "pay it forward" project!

If you are interested in doing your senior project with the Jae Foundation or sponsoring a senior, please contact our Teen Outreach Coordinator, Paige Vickrey at **208-358-5072** or **paige@jaefoundation.com**

## 40. Wild Wild West Gun Package & Custom Display Table

Display this wild west package in your home to show off to all of your guests and relive the history of the wild west. This package features a bond arms Century 2000 Derringer, a Cimarron Frontier Revolver and a Henry Big Boy all chambered in the classic 45 colt. Named after Henry Derringer, the “Derringer” became the name for small concealable pistols often carried in vest pockets, boots and even women’s garter belts, purses and hand muffs. Out West, they filled the need of professional gamblers of the day and gunfighters who needed a backup gun. Most notably, at the time of his death, Doc Holliday, had his most dear possession next to his side, his Derringer gifted to him by his girlfriend named Kate. Cimarron’s Frontier Pre-War version (1896-1940) are arguably the most famous six gun of the Old West, if not the best known in the entire world. Men like Wyatt Earp, Bat Masterson, “Texas” John Slaughter, the Texas Rangers and the Arizona Rangers, all packed them to enforce law and order. While men such as Jesse James, Billy the Kid, Johnny Ringo, Butch Cassidy and members of his “Hole in the Wall” gang used them to ply their lawless trade. Cimarron’s replica, inspired by an original in our collection, sports the traditional blue and color case hardened finish with one-piece walnut grips. Our replicas are exact duplicates of the originals. The Henry Repeating Rifle is a lever action tubular magazine fed rifle famed both for its use at the Battle of Little Bighorn and being the basis for the Icononic Winchester Rifle of the American Wild West. Originally designed by Benjamin Henry in 1860, the lever action rifle was an iconic piece of wild west history. Back when the West was still wild and the rifle was the tool of choice for survival and frontier justice, these guns put more meat on the table and outlaws in the ground than any other. The West may have been tamed and fenced long ago, but its unbridled spirit lives on in this line of traditional big-bore Henry rifles. Showcase these amazing guns on this one-of-a kind custom coffee table built by Black Pine.
